OBSERVATION

Experiment 004 showed minor agitation and hostility once awakened, but once neutralized, showed much better signs of obedience.

Only somewhat signs of hostility that are there are geared towards scientists and Carl Walters. Further testing may be required to keep her mood in better shape.

OBSERVATION

Experiment 004 has proven herself to be the most emotional of the group when left alone, however when paired with the rest of the other experiments the others seem to depend more on her as a form of emotional support.
